Barn Door Slabs

Continental Collection | Prefinished Solid Core

ACME's Continental sliding barn doors with glass inserts blend openness and natural lighting. Inspired by the simplicity of Scandinavian design, these glass barn doors bridge classic to contemporary styles and décor. Our Continental Collection welcomes natural light and offers a unique focal point for any interior space. Choose completely transparent glass to visually connect and define the spaces on either side of the door. Or, select frosted glass when you want to maintain openness, while adding privacy.

Barn Door Hardware

Adding the finishing touches to any renovation or decorating project can complete a homes look. A sliding barn door kit plays an important role in enhancing the style of a space. With a multitude of choices available, factors to consider can include how well a particular style or finish complements the overall design theme and how the hardware will function within the space relative to other important decor items. Sliding barn door hardware is like adding jewelry to a room, the personality that makes the room reflect the home owners style and interests.

Barn Door Hardware

Adding the finishing touches to any renovation or decorating project can complete a homes look. A sliding barn door kit plays an important role in enhancing the style of a space. With a multitude of choices available, factors to consider can include how well a particular style or finish complements the overall design theme and how the hardware will function within the space relative to other important decor items. Sliding barn door hardware is like adding jewelry to a room, the personality that makes the room reflect the home owners style and interests.

Barn Door Hardware

Easy Latch Privacy Barn Door Hardware Kit

ACME's patented Barn Door Easy Latch Hardware is designed to give you the privacy you need in your home without compromising style or function. Our Easy Latch is compatible with most flat track barn door hardware systems making this a simple DIY installation. Ease of operation makes Easy Latch ADA compliant which is ideal for many commercial and hospitality applications.

MATTE BLACK FINISH
BDF8000-MB

Features & Benefits

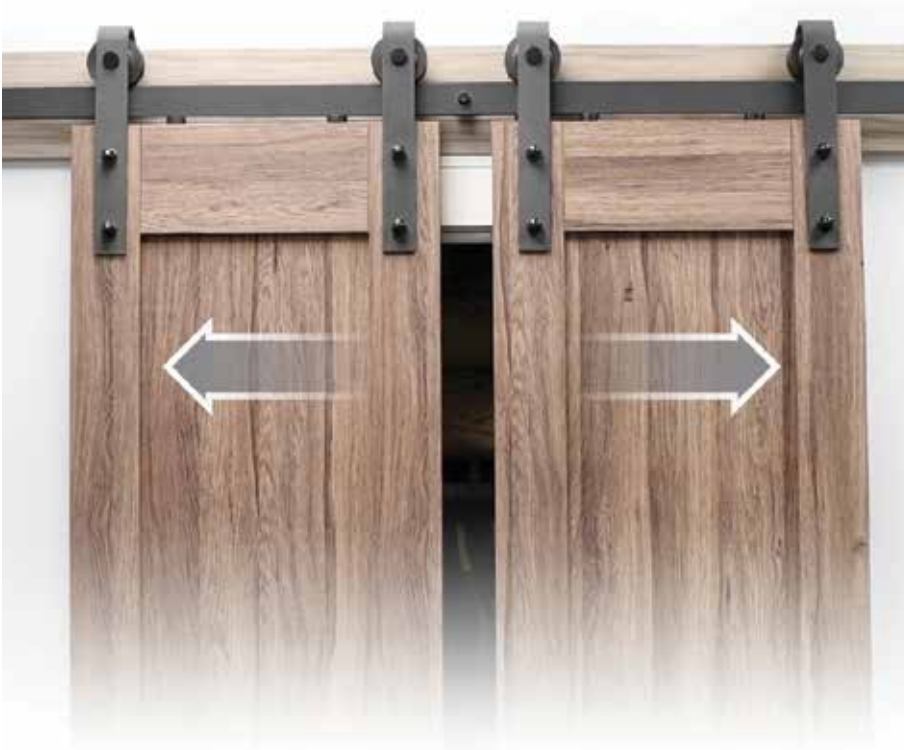

- The Easy Latch is surface mounted without the need to remove the door making the installation process quick and easy
- The locking bar easily mounts to the edge of the door and does not require drilling into your wall or door jamb eliminating any damage to your existing opening
- The easy to operate, American Disability Act (ADA) compliant lever secures the door from the inside providing privacy control in applications such as an ensuite bathroom or office

Barn Doors Hardware

Bi-Parting Barn Door Hardware Kits

ACME's innovative cable-driven synchronizing technology enables the simultaneous opening and closing of bi-parting doors with just one hand. By pulling on one handle, both doors glide open or closed in unison. Add functionality and versatility with this easy-to-install hardware offering.

Matte Black Finish

- 78-3/4" Track Length - BD910-07800-MB
- 78-3/4" Track Extension Kit - BD910-07800-MBEXT
- 83-7/8" Track Length - BD910-08300-MB
- 83-7/8" Track Extension Kit - BD910-08300-MBEXT
- 96" Track Length - BD910-09600-MB

Features & Benefits

- Synchronizing Barn door hardware kit—allows for simultaneous opening and closing of two bi-parting doors. An added convenience, instead of having to open each side at a time
- Can be used with existing doors or as a new installation
- Available in 78-3/4", 83-7/8" or 96" track lengths. For a pair of doors larger than 24" the additional track extension hardware kit is needed
- 78-3/4" Track is compatible with (x2) 12", (x2) 15" and (x2) 18" wide doors. For (x2) 36" wide doors the 78-3/4" Track Extension Hardware Kit is also needed
- 83-7/8" Track is compatible with (x2) 21" wide doors. For (x2) 42" wide doors the 83-7/8" Track Extension Hardware Kit is also needed
- 96" Track is compatible with (x2) 24" wide door slabs
- Doors sold separately

Barn Doors Hardware

Single Track Bypass Barn Door Hardware Kits

ACME's innovative single-track bypass barn door hardware kit eliminates the bulk of a traditional bypassing system by removing one of the tracks which allows your doors to be closer to the wall. This provides more privacy and space within your room.

Matte Black Finish

78" Track Length - BD280K-07800-MB

96" Track Length - BD280K-09600-MB

Satin Nickel Finish

78" Track Length - BD280K-07800-SN

96" Track Length - BD280K-09600-SN

Features & Benefits

- Hardened Steel Hardware with offset hangers designed to allow two panels to bypass over an opening on a single flat track
- Each kit includes all hanging hardware for panels weighing a combined 250 lb
- 78-3/4" Track is compatible with (x2) 12", (x2) 15", (x2) 18", (x2) 30" and (x2) 36" wide door slabs
- 96" Track is compatible with (x2) 42" wide door slabs
- Doors sold separately

Barn Doors Hardware

Spectrum Bypass Barn Door Bracket Kit

When wall space is an issue, the bypass kit will allow two barn doors to independently travel across two tracks and not require extra clearance. The double barn door hardware kit allows for one door to slide over another making it perfect for closets, pantries, or possibly even multiple openings on the same wall.

Features & Benefits

- Allows double barn doors to travel independently across two tracks
- Ideal when there is not enough wall space to allow two doors to slide across the wall
- Barn Door Hardware Kits sold separately
- Available in 78-3/4" (5 Brackets) and 96" (6 Brackets)

1-LITE DESIGN Bright White

(2) × 21" × 84" × 1 3/8"
BD124WT1BW2TGE42084

Features & Benefits

- Bifold system does not require extra wall space as the entire track slides within the opening
- This gives your room a major design upgrade while incorporating function and space savings
- Kit includes two steel barn door hangers and 48" or 78-3/4" track, finished in matte black
- 48" Track is compatible with (×2) 12", (×2) 15", and (×2) 18" wide door slabs
- 78-3/4" Track is compatible with (×4) 12", (×4) 15", and (×4) 18" wide door slabs
- Doors sold separately

Barn Doors Hardware

Easy Clip Soft Close Hardware Kits

ACME's universal Easy Clip Soft Close attachment is designed to install quickly and discretely onto most flat track barn door hardware kits. This patent-pending low profile innovation is hidden behind the track and can be easily installed in minutes to any new or previously mounted barn door kit. The first of its kind exclusively for barn doors attaches on both ends of the track for smooth travel and effortless open and close functionality.

Matte Black Finish

Model	Supported Door Weight
BDF960-1020-MB	10-20 kg (22-44 lb)
BDF960-2040-MB	20-40 kg (44-88 lb)
BDF960-4060-MB	40-60 kg (88-132 lb)
BDF960-6085-MB	60-80 kg (132-187 lb)

Features & Benefits

- The low-profile Easy Clip Soft Close is concealed behind the track and does not affect the look of your hardware
- Kit includes 2 Easy Clip Soft Close attachments for both ends of your track to open and close quietly and effortlessly
- Installs in minutes to most flat track barn door kits. Mounts directly to your previously installed hardware

Closet Doors

Pre-finished Engineered Wood Bifold Door

Sleek and unobtrusive, our sliding bifold closet door systems are available with two or four panels that fold up to maximize your opening. You'll have the flexibility to present your closet in different ways, depending on how much you want to reveal, without compromising your style or the space in your closet. Bifold closet doors fold into each other to provide you up to 95% access to your closet with minimal floor clearance and taking minimal space within your room.

Features & Benefits

- Sliding mini 3-wheel connector results in less friction on the track for smoother travel, and trackless door design keeps your floor opening clear and hazard-free
- Easy to maintain, pre-finished decor wrapped 4" frame
- Includes a round closet door knob pull in Satin Nickel finish to easily open and close your doors
- No bottom track provides a hazard-free opening that allows for easy cleaning and does not damage floors
- Available in standard closet opening sizes only / Cannot be painted, stained or cut

Closet Doors

Pre-finished Engineered Wood Pivot Door

Need to install a door into an existing opening but want to avoid installing hinges or messing with the door jamb? Pivot closet doors swing open making them the perfect solution by providing maximum access to your closet or storage space. Select from an assortment of modern, engineered wood doors featuring tempered glass inserts. Prefinished on both sides, the easy-to-maintain, scratch-resistant pivot closet doors save you time and mess by skipping the painting and staining.

Features & Benefits

- Easy-to-install top and bottom spring-loaded pivot connectors allow the pivot closet door to swing open providing maximum access to your space, and the magnetic catch keeps the door closed
- Easy-to-maintain, solid engineered wood closet door frames are scratch-resistant and will not warp or crack as result of humidity changes in the home
- Prefinished on both sides in a textured wood look Pure White, this modern closet door and matching fascia save you time and mess by skipping the painting, staining and clean-up of unfinished doors and trim
- Each door panel's contemporary 4mm frosted tempered glass inserts allow for light transmission and is up to four times stronger than regular glass
- Includes a round closet door knob pull in Satin Nickel finish to easily open and close your doors
- Standard Sizes Only / Cannot be painted, stained or cut
